The Multifamily Builders Council will hold its next lunch meeting Nov. 4 at Dallas BA offices. Jeff Golosby, CSP, CSHO, an investigator with G8 Safety Consultants, will discuss jobsite safety and risk control. [Online registration closes Oct. 31.](#)

Join the Young Professionals Council Nov. 5 for a happy hour and fundraising event presented by SiEnergy. Held at Stirr, a high energy restaurant and bar in Dallas, this networking event will benefit Collin College. A portion of the \$10 fee will be contributed to the school's scholarship fund to students in the construction management program. [Register.](#)

Don Dykstra is 2025 Prather honoree

The Dallas Builders Association has awarded the 2025 Hugh Prather Trophy to Don Dykstra of Bloomfield Homes. The award is the highest honor bestowed by the Dallas BA and has been presented annually for the past 75 years to a builder, remodeler or developer member who has done the most for the betterment of the community and the industry as a whole.

The 2025 presentation was made during the Sept. 19 State of the Industry Summit held at the Westin Galleria Dallas.

The award was named for the Association's first president, Hugh Prather, in hopes that his principles would serve as a guide for future generations of builders. It is not meant to be simply a "Builder of the Year," but something more that reflects credit to the building industry.

Past recipients include homebuilding icons such as Dave Fox, W.W. Caruth Jr., Bob Folsom, Fred Roach, Harold Peek, Kent Conine, Tommy Ford and Harold Pollman, among others.

2024 Prather recipient and Past President Jeff Dworkin of JLD Custom Homes presented the award.

Don Dykstra is co-founder and chairman of Bloomfield Homes, the fifth largest home builder in the Dallas-Ft. Worth metroplex.

His company is involved in many charitable endeavors including the Six Stones home revitalization efforts in the Mid-Cities, the North Texas Food Bank and summer reading programs for students.

Dykstra is an ardent supporter of the Collin College Technical Campus, where he often speaks to students enrolled in the construction management program.

He is also a frequent speaker at the Dallas BA's Young Professionals Council and has been a mentor to many other builders over the last decade.

While presenting the award, Dworkin commented, "One of the most amazing things about our honoree is his strong belief in 'His People.' Don surrounds himself with the best people and awards them accordingly. His company is one of the only production builders I have ever heard of that sells homes to its employees at cost. Wow!"

Past President and last year's honoree Jeff Dworkin presents the 2025 Hugh Prather Award to Don Dykstra of Bloomfield Homes.

State of the Industry Summit Presented by Hotchkiss Insurance Agency
The Association's Sept. 19 State of the Industry Summit featured speakers from both the National Association of Home Builders and the Texas Builders Association. They provided a detailed examination of the economy and the home building market and a briefing on the outcome of the 89th Legislative session. From left are Dr. Robert Dietz, NAHB senior economist; Scott Norman, TAB executive officer; Jessica Goehring of Hotchkiss Insurance Agency, Summit title partner; Frances Blake, TAB vice president of regulatory affairs; J.D. Hale, TAB director of government affairs; and Gena Godinez, Dallas BA executive officer.

Government
Affairs

So Long Summer, Hello Advocacy

As the calendar turns to Fall and we await the cooler weather and changes in the leaves, there is still plenty to do on the industry advocacy front. So, before you dig out your favorite sweater, pour yourself some pumpkin spiced whatever and pick your way through these government relations updates.

Dallas BA Monitoring Local Ordinance Changes

The Dallas Builders Association continues to monitor and weigh in on local ordinance changes. The effort, always ongoing, is to help avoid delays, needless cost increases, and to advocate that ordinances be drafted within statutory guidelines.

The City of Dallas is currently discussing amendments to the municipality's park land dedication and fee-in-lieu ordinance. Dallas BA is monitoring this process closely as it can impact multifamily development costs.

The update comes, in part, due to state law that resulted from HB 1526 during the 88th Texas Legislature. The statute applies to only five municipalities in Texas, due to population language.

It requires land dedications, fee assessments or the combination of both, to be derived by either a calculation based upon a formula that utilizes appraisal districts land values and development dwelling units, or a flat per unit cost that does not exceed 2% of the median family income (AMFI).

The final legislation was focused on multifamily, hotel and motel uses. Single-family was written out of the bill and, due to definitions in the statute that trigger the ability to use one of the abovementioned calculations, the statute does not have the effect of removing the need to show "proportionality" for single-family assessment as required by a history of Supreme Court and subsequent court decisions.

Dallas has proposed using the AMFI basis for calculation, and now it is a matter of what percentage of the AMFI they settle on. The city has shown a concern regarding housing affordability during these discussions.

In Celina, the City Council will soon hold a hearing related to amend-

ments to the municipality's architectural amendments.

Dallas BA has weighed in with the city's Planning and Zoning Commission. Dallas BA's focus is protecting the property owner's right to choose materials, which is also the focus of state law.

Chapter 3000 of the Texas Government Code prohibits a government entity from adopting or enforcing a regulation that "prohibits, directly or indirectly, the use or installation of a building product or material in the construction, renovation, maintenance or other alteration of a residential or commercial building if the building product or material is approved for use by a national model code published within the last three code cycles that applies to the construction, renovation, maintenance or other alteration of the building." (Tex. Gov. Code Sec. 3000.002 (1))

The statute also prohibits establishing a standard for an aesthetic method that is more stringent than standards under a national model code in the last three code cycles.

Dallas BA will continue to monitor and weigh in on these and other ordinances. Members with questions should contact the Association's [Director of Government Affairs](#).

Dallas BA Members Visit with Area Elected Officials

Dallas BA members recently had opportunities to visit with some of our service area's elected officials.

Just prior to the Association's State of the Industry on September 19, Dallas BA hosted a meet-and-greet where members visited various members of county commissioners court to city councils. This also provided the elected officials with real world feedback from those who provide homes in their districts.

In a follow-up to Dallas BA's national legislative conference congressional meetings, held in Washington, D.C. in June, Association members and staff met with U.S. Representative Keith Self (TX-3) on Sept. 22 in his Texas district office. We appreciate Congressman Self's interest in the challenges home building faces as it relates to construction trades educa-

Dallas BA Members and staff meet with U.S. Representative Keith Self on Sept. 22 to discuss energy code policy, construction trades education, labor shortages and housing affordability. From left are Meredith Joyce, Tim Jackson, Matt Walls, U.S. Representative Keith Self, David Lehde, Landon Hood and Gena Godinez

tion, energy code policies and housing affordability.

Industry Supported Legislation for Impact Fee Credits Gets Legislative Approval

A priority piece of legislation, supported by the Texas Association of Builders, met legislative approval in the second special session and has been signed by Governor Abbott.

Senate Bill 14, by Senator Charles Perry, with support in the House by Representative Cecil Bell, creates an incentive for builders and developers to use systems or products that conserve water by creating credit towards water and wastewater impact fees. The legislation recognizes that when builders and developers install water conservation systems, they should receive credits or reduction for the amount of water or wastewater conserved. The new law will be effective on Jan. 1, 2026.

TAB has been tireless in their advocacy for the industry.

Next Government Relations Committee Meeting — Oct. 15

The next meeting of the Dallas BA Government Relations Committee (GRC) will be Wednesday, Oct. 15, at 9 a.m. The October GRC meeting will be held at the Dallas BA office.

GRC meetings are open to all Dallas BA members. Members interested in participating should contact the director of government affairs at David.Lehde@DallasBuilders.com.

Proposition 1 on the November Ballot Would Provide Needed Funding for Job Training at Technical Colleges

As often happens after legislative sessions, Texans will have an opportunity to vote on propositions resulting from this year's legislative sessions. Proposition 1 provides Texas State Technical College (TSTC) with funds to expand job-training programs and help meet the needs of today's workforce. The funding, \$850 from the state's general revenue, would support capital needs of TSTC, including facility expansion, land acquisition, and modern equipment purchases. Skilled trades are important to home building.

Election Day Is Tuesday, Nov. 4.

Dallas BA members who plan to attend the November TAB board meetings should consider early voting, as part of the board meetings fall on Nov. 4. Early voting begins on Oct. 20 and runs through Oct. 31.

Voter registration status and information on polling locations is available at www.votetexas.gov.

"The power of one man or one woman doing the right thing for the right reason, and at the right time, is the greatest influence in our society."

— Jack Kemp, United States Secretary of Housing and Urban Development (1989-1993) and U.S. House of Representatives (1971-1989)

Collin College honors Dallas BA

Association Executive Officer Gena Godinez accepts a Legacy Benefactor President's Circle Award from Collin College President Neil Matkin and Glenn Callison, outgoing chair of the Collin College Foundation Board of Directors.

Collin College honored the Dallas Builders Association Sept. 11 with a Legacy Benefactor President's Circle Award, presented at the Plano Event Center.

The President's Circle is the premier giving society honoring Collin College's donors with lifetime giving of \$20,000 or more.

This year's President's Circle members were recognized at a VIP reception hosted by Collin College President Neil Matkin.

Membership in the President's Circle has eight tiers ranging from the "Legacy Patron" tier to the "Million Dollar Club."

Gena Godinez, Dallas BA executive officer, accepted the award on behalf of the Association.

Dallas BA supports the Collin College Construction Management Program's Excellence Fund, which assists students financially on a needs-based basis and helps keep them on track for the program.

Association EO Gena Godinez and President-Elect Matt Walls present 2025 President Kelly Hoodwin-Moore with a plaque recognizing her as a Past President Life Director. The presentation was made at the September Board of Directors meeting.

Greater Denton County Builders Division

The Greater Denton County Builders group is now officially a Dallas BA division following Board action at its September meeting. The new division presented a program on "Weatherization and the Building Envelope" Sept. 24. From left are GDCBD board members Justin Waggoner, IFoam, RayLee Edgington, Home Team Pest Defense, and Jeanice Wheelock, First Response Inspection; speakers Brian Eubanks and Garrett Ryan, both with Paragon Structural Engineering; Division President Donny Mack, Beaver Builders; and Vice President Chris Clay, 2-10 Home Buyers Warranty.

Lee Roy Jordan memorials urged

Former Dallas Cowboys line-backer and founder of Lee Roy Jordan Lumber Lee Roy Jordan died Aug. 30 at the age of 84.

Lee Roy Jordan Lumber has been a Sustaining Member of the Dallas BA since 2019. Lee Roy's son, David Jordan, is president of the company.

In 14 years as a Dallas Cowboy, Lee Roy Jordan competed in three Super Bowls, was named All-Pro twice and participated in the Pro Bowl four times. As a member of the Alabama Sports Hall of Fame, the National College Hall of Fame, and the Senior Bowl Hall of Fame, Lee Roy was also inducted into the Dallas Cowboy Ring of Honor in 1990.

After a successful career in football, Lee Roy purchased Redwood Lumber Company of Dallas, the largest exclusive dealer of redwood in the Southwest that began in 1952. In 1977, after the purchase, the name was changed to Lee Roy Jordan Redwood Lumber Company.

In 2003, Lee Roy made the decision to expand the facility and services offered at its Hillsboro distribution center and re-manufacturing plant. Currently the Hillsboro facility handles all wholesale distribution of specialty products while the Dallas facility is focused on providing builders and contractors with all their lumber needs.

Members are encouraged to leave memorials in his guest book [HERE](#).

FraserCon: Your Trusted Concrete Experts

Over 25 years of dedicated concrete construction in North Texas, we've experienced the true essence of hard work, perseverance, and growth. Our journey has been filled with grinding, sacrificing, learning, giving, failing, laughing, growing, caring, hoping, persisting, reflecting, loving, living, and winning. Every step of the way, we've embraced the challenges and celebrated the successes.

Today, we express our sincere gratitude to all those who have placed their trust in us—the builders within the Dallas Builders Association.

As we embark on the next quarter century, we raise a toast to the future. With FraserCon by your side, you can rely on our expertise and unwavering commitment to excellence. Together, let's build a stronger, more concrete future.

Upcoming Classes

Presented by

Profit From Precision: Advanced Project Management Series - Oct. 7, Oct. 30 & Nov. 6.

The ability to effectively prepare for a project is vital to the success of any business. Project preparation consists of multiple processes that work together and, when performed effectively, enable you to increase your efficiency, achieve greater client satisfaction, enhance team and vendor relationships, and protect profitability. This 4-part course provides you with the knowledge base and skills to perform one of the critical processes in project preparation: creating the schedule to complete the project.

Oct. 7 - [Residential Project Scope Management & Schedule Management](#)
Oct. 30 - [Residential Project Cost Management & Resource Management](#)

Nov. 6 - [Residential Quality Management & Communication](#)

Instructor will be NAHB Master Instructor Donny Mack of Mack Professionals/Beaver Builders.

Time: 9 a.m. - 3 p.m.
Cost Per Class: \$75 member/\$100 non-member
Format: In-person only

Land Development: NAHB Certificate Course - Oct. 9

This course will introduce participants to the land acquisition and development process and explore the crucial first steps to becoming a successful developer. You will develop strategies for finding land development opportunities for small projects (two to 50 lots) and discuss which business structure is best for your business.

Ed Harrison, CGB, GMB, with Harrison Homes will be the instructor.

Time: 9 a.m. - 2 p.m.
Cost: member \$159 / non-member \$259
Format: hybrid

[Register for the Land Development class.](#)

Site Planning, Approvals & Construction: NAHB Certificate Course - Oct. 16

Take the next step to becoming a small volume land developer by exploring actual site planning and preliminary platting. In this course, you will learn about the typical approval and final platting process through a governing authority. The class will also discuss construction of improvements

and getting the property ready to sell or develop. The level of content in this course is for individuals new to the land development process.

Ed Harrison, CGB, GMB, with Harrison Homes will be the instructor.

Time: 9 a.m. - 2 p.m.
Cost: member \$159 / non-member \$259
Format: hybrid

[Register for the Site Planning class.](#)

Business Accounting, A Road Map to Profitability: NAHB Certificate Course - Oct. 22

This course provides you with the basics of financial planning, budgeting, construction business accounting, job cost systems and financing options that will enable you to track and analyze cost of goods, overhead, and individual job costs as well as communicate about them effectively. Topics include accounting terminology, a chart of accounts, types of records and reports to be maintained, and loan products that can provide financing alternatives.

NAHB Master Instructor Donny Mack of Beaver Builders will teach.

Time: 9 a.m. - 12 p.m.
Cost: member \$159 / non-member \$259
Format: hybrid

[Register for the Business Accounting class.](#)

Job Costing, The Road Map Continues: NAHB Certificate Course - Oct. 22

Job costing is the process of tracking the costs associated with a specific project. This process is important in residential home building and remodeling because it provides builders with detailed information about the costs associated with each project. This course will help you identify and implement the key components of job costing.

Instructor will be NAHB Master Instructor Donny Mack of Mack Professionals/Beaver Builders.

Time: 1 - 4p.m.
Cost: member \$159 / non-member \$259
Format: hybrid

[Register for the Job Costing class.](#)
